Your Symptoms Matter

Fill out symptom screening online before your in-person, phone or video appointment. Talk to your team about symptoms that concern you.

Symptom screening helps you and your healthcare team to:

- Talk about symptoms that are important to you
- See any physical symptoms and emotional changes change over time
- Decide how to manage your symptoms

Your Symptoms Matter (YSM) is a good way to report cancer symptoms. Many appointments are by phone or video. Filling out YSM gives us a full picture of your health before your appointment.
